

Incoterms® 2020 Training Course

May 10th, 12th, & 14th, 2021 | 8:30 to 10:30 AM PST

WHAT ARE INCOTERMS®?

Incoterms were updated in 2020 and this course includes changes from the 2010 version. The International Chamber of Commerce (ICC) Incoterms® rules are used in contracts to clearly communicate the obligations, costs, and risks associated with the transportation and delivery of goods, providing clarity for sellers and buyers and helps facilitate trade. The latest edition of the Incoterms® rules came into effect on January 1, 2020 and should be well understood by any company that ships products outside of Canada.

WHY ARE INCOTERMS® IMPORTANT?

Incoterms® provide a standardized terminology used by all companies doing international business. These specific terms or acronyms provide sellers and buyers and their applicable logistics partners with clear rules, helping to clarify obligations, reduce risk and avoid confusion and unnecessary costs.
